struminska.dominika@gmail.com

166 Chatsworth Court, Pembroke Road, London, W8 6DW (can relocate if required)

• ABOUT ME •

I am a recent graduate of one of the top architectural universities worldwide, ready to undertake my RIBA part 1 apprenticeship.

I have graduated with an upper second class honours degree and excellent grade averages. Independently, over the course of the programme I have been undertaking various side-projects - with the main one being a full campervan conversion - and developing my interests in many different fields. Being passionate about outdoors I have been regularly climbing for more than two years.

I am a driven person with a strong passion for design not scared to undertake new challenges and ready to share my creativity and ideas with the world of architecture.

• SKILLS •

- o great creativity and desire to produce original and unique work
- o positive attitude to people and good communication skills (more than two years of experience at FOH jobs)
- o eagerness and ability to work in the team as well as individually
- o high level of organization and time-management skills
- o ability to learn quickly
- o precision at work
